The Computer Accessory Store has developed a Community Outreach program to help provide families with computers that would not normally be able to afford one.

Many people will buy new computers during the holidays, and aren't sure what to do with their old ones. Please help us by donating your used PC (Pentium® III or better) to a good cause.

All donated equipment will be cleared of data and reformatted. Anything that is not suitable for use will be properly disposed of to help protect the environment.

You can drop off a computer at our retail location, or arrangements can be made on a case-by-case basis for computer pickups (a symbolic fee for pickup service will apply).

With your help, we can make it happen!

Drop off location:

Computer Accessory Store
1522 K Street NW
Washington, DC 20005
